

RENOVATE. Safeguard.

EXPAND

Dear Friend of the Town Hall Library,

To many of us, it may seem like yesterday that we opened the doors to our updated Town Hall Library. Actually, it was August 2009 when we introduced our community to dramatically increased space, comfortable seating, enhanced accessibility, and a children's area that more than doubled in size.

Those improvements were enthusiastically received by our members. But there are still three areas which need immediate attention. The Town Hall Library Foundation Board asks your help in funding these items:

- Even though the children's area was enlarged in 2009, more space is needed due to the popularity of our programs (and that's a good thing!). We would like to open up the area into the unfinished space available in the Library's basement to offer more room for materials and add a small theater space to accommodate programming. In addition, an expansion of the children's area would make the downstairs restrooms (already constructed) accessible to families - no more running upstairs to get to the facilities.

Yes!

I would like to ensure a great library for the Town of Merton and the surrounding communities. Enclosed is my check payable to the **Town Hall Library Foundation** (a 501(c)(3) corporation) in the amount of:

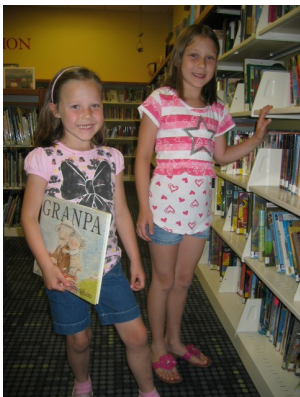

- \$1,000+ \$250 - \$499 \$ 50 - \$99
 \$500 - \$999 \$100 - \$249 Other _____

- Please contact me concerning naming opportunities for the planned expansion of the children's area.

The Town Hall Library Foundation:

a non-profit organization providing support through private contributions for furnishings, programs and facilities to ensure the Town Hall Library's continued status as a great library responsive to community needs.

From page one

- The new restrooms added during the previous renovation are wonderful. However, the facilities in the old section of the Library were not updated. We would like to update the women's and men's rooms with the same type of environmentally friendly fixtures as are in the new section of the Library.
- Our Library staff is known throughout the area as friendly, knowledgeable and capable. What they are not is omniscient. With three floors, it is impossible for staff at the Circulation Desk to know who is on the upper and lower levels and what they are doing. To protect the Library and its patrons, we would like to add security cameras.

Thank you for your thoughtful consideration of a gift to support this effort to **renovate, safeguard and expand** our Library. Our goal is to raise \$100,000; our hope is to conclude this campaign quickly so that these improvements can be implemented as soon as possible.

Let us know if you have any questions or would like more information about the project.

Warmest regards,

Your Town Hall Library Foundation Board: Mary Lou Findley, Tom Harbeck, Mary Korkor, Karen Gosewehr, Rob Moebius, Jane Ewens and Rick Luedke
